Abstract (en)

An outdoor power strip includes a plug (10); one or more electrical outlets (20); and at least one cord section (30) each either interconnecting two adjacent ones of the electrical outlets (20) or interconnecting the plug (10) and the next electrical outlet (20). The electrical outlet (20) comprises a housing (22) with the at least one cord section (30) extending therefrom, a hinged cover (21) for opening or sealingly closing the housing (22), and an electrical member (23,24) in the housing (22). In one embodiment, the electrical member (23,24) is a switch (23). In another embodiment, the electrical member is a socket (24).
