Abstract (en)
[origin: WO2010124960A1] The invention relates to a circulation pump (10) having a water distribution system (15) for a dishwasher, particularly for a household dishwasher (1). The circulation pump (10) has a first outlet (13), in which the water distribution system (15) is arranged. The invention further relates to a dishwasher, particularly a household dishwasher (1) having such a circulation pump (10).
