Abstract (en)

[origin: WO2010130618A1] The invention relates to an ejection apparatus for a movable furniture part, particularly a pivotable door of a piece of furniture, provided with a furniture body (1) having at least one wall (2), or several walls (2 to 6), wherein the ejection apparatus further comprises the following: an actuator element, particularly an ejection tappet (11), actuated by a drive device, said actuator element being detachably fixed to or in an actuator element receptacle (12), particularly an ejection tappet receptacle (12). The invention further relates to a method for controlling said ejection apparatus.
