Abstract (en)

[origin: WO2010130393A2] The invention relates to a method for producing orodispersible tablets containing a pharmaceutically acceptable salt of vardenafil, said method comprising the following steps: (i) production of a mixture containing a pharmaceutically acceptable vardenafil salt, a mucilaginous substance, a sweetener and a flavouring; and (ii) direct compression of the mixture to form orodispersible tablets. The invention also relates to tablets that can be obtained according to said method.
