Abstract (en)

[origin: EP2431556A2] The cover (1) comprises several gripping claws (10) for engaging around a latching element (30) of a frame (4). The frame is provided with a support (3) for a handle (2). The gripping claws are protruded from a side of flat base (11), and are comprised of several lamellar elements (12). The flat base is attached with a plate (13) which is provided with plastic annular element (130).
