Abstract (en)
A leg cover including a supporter (20), which is worn on the knee or above the knee of a wearer and is provided with a plurality of buttons (21), and a tubular leg covering (10), in which button holes (12) used for inserting the buttons (21) of the supporter (20) are provided in the vicinity of the upper edge portion (11) of the leg covering (10). Instead of the supporter (20), a band can be used so that a leg covering (10) is attached to the band with hook-and-loop fasteners.
