Abstract (en)
[origin: CA2770089A1] The invention relates to a functional seat cover for placing on seating, in particular for children, comprising an approximately horizontal seat (11), an approximately vertical backrest (12), and two armrests (13), composed of washable textile material, wherein a quadrilateral seat surface (2) can be placed on the seat (11), wherein the first edge (21) of the seat surface is connected to a rear part (3), on which a backrest hood (31) is formed, which backrest hood can be pulled over the back rest (12), and the second edge (22) and fourth edge of the seat surface lying opposite each other are each connected to one armrest part (4), wherein each armrest part can be placed on an armrest (13), and the third edge (23) of the seat surface (2) is connected to a foot part, which can be suspended over the front edge of the seat (11).
