Abstract (en)  
[origin: EP2466023A1] A drain, comprising: - a flat plate with an outlet opening; - an adapter arranged in the outlet opening for connection to an outlet pipe. The disclosure further relates to a combination of a drain and a finishing layer such as a tile layer, wherein the finishing layer extends at least as far as the flat plate and wherein an inflow opening is formed in the finishing layer, which inflow opening is situated at least partially above the outlet opening.
