Abstract (en)
[origin: EP2468966A1] The flush-mounted installation box (40) comprises a mixing module (10) for connecting a water outlet (60) for the produced mixing water, and a temperature and volume control unit (22), which is arranged adjustable in the interior of the flush-mounted installation box for setting the temperature and amount of the mixing water. A junction box module (26) is provided, which is connected in the installation box on one part of the temperature and volume control unit and on the other side to an operating unit (34).
