Abstract (en)
[origin: WO2011023581A2] The present invention relates to a channel closure (1a - 1f) for a meltwater channel (2) of a refrigerator, in particular a frost-free refrigerator, wherein the channel closure is at least partially water soluble. The present invention further relates to a meltwater channel (2) of a refrigerator, wherein the meltwater channel comprises a channel closure (1a - 1f) according to the invention. The present invention further relates to a refrigerator, in particular a frost-free refrigerator, wherein the refrigerator comprises a meltwater channel according to the invention.
