Abstract (en)
A package of consumer goods (2,52) comprises a wrapper (4,54) enclosing the consumer goods and having an access opening through which the consumer goods can be removed; and a cover layer comprising a resealable adhesive label (40,58), wherein the cover layer is moveable between a closed position, in which the cover layer covers the access opening and is sealed in place by the adhesive label (40,58), and an open position in which the adhesive label (40,58) is at least partially removed from the wrapper (4,54) and the access opening is uncovered. An inner surface of the cover layer is provided with a first indicium (60) and as the cover layer is moved from the closed position to the open position, the inner surface of the cover layer is exposed such that the first indicium (60) becomes visible.
