Abstract (en)
[origin: WO2011036382A1] The invention relates to a decorative coating (40) to be applied onto an outer surface (1) of a transport vehicle, said coating including a decorative adhesive (30) that is consecutively made up a bottom adhesive layer (32), a layer (33) for mechanically mounting the adhesive, and an illustrated layer (34) comprising at least one printed pattern, the adhesive (30) being applied onto the outer surface (1) of the vehicle. Said coating also includes a colored paint layer (42) that is applied onto the outer surface (1) of the vehicle outside the surface covered by the adhesive (30), the outer surfaces of the paint layer (42) and the adhesive (30) being continuous. Said coating moreover includes a protective layer (43) that is applied onto the continuous outer surfaces of the paint layer (42) and the adhesive (30). The invention also relates to a decoration method and to a decoration-renewing method.
