Abstract (en)

[origin: EP2481304A1] The device (50) has article mass flow feed device (60) that is provided at input side of cigarette magazine (100). A single article feed device (70) is provided at feeding side of cigarette. The article mass flow feed device and single article feed device are optionally operated to introduce the article into cigarette magazine in transverse axial direction. An independent claim is included for method for operating rod-shaped article supplying device.
