Abstract (en)

[origin: EP2481321A1] The presentation device (1) has a cooling device and a heating device, where a display case (2) is provided with a presentation plate (14). The cooling device comprises a cooling element (12) with a fan (13) for circulating the cooling air in the display case. The presentation plate is made of a non-metallic hard material, where the material is selected among stone, glass, plastic or granite.
