Abstract (en)

[origin: EP2505758A2] The device has carrier that is associated with guiding and transporting unit of window lifter base (2). A window pane (10) connected to disc holder is fastened to coupling portion (3). An attachment unit such as fastener (4), threaded bolt (8) and internal thread (40) for connecting disc holder with carrier is introduced into coupling portion (7) of disc holder, such that the attachment unit is clamped to coupling portion (3).
