Abstract (en)

[origin: EP2506272A1] The solenoid (10) has a housing (11) comprising an upper housing cover (12) and a lower housing cover (14) and a housing wall (16). A pole core (20) is extended along a center axis of housing. A front surface (21) of pole core is made to face a movable armature (30). A short circuit ring (60) is loosely anchor with a plunger (40) that is connected with movable armature.
