Abstract (en)
[origin: EP2520197A1] The cover pulling-out guide has a guide rail (17) which is directly connected with an inner side of a cover of a furniture body or over a body rail, from which the guide rail is pulled-out. The body rail is fixed at the inner side of the cover. A pulled-out rail (18) is provided with a guide track (30,31) that stands partially obliquely to a pulled-out direction (4). A stop portion (29a) of a stop unit (29) is guided for adjustment between a locking position and the passing position along the guide track.
