Abstract (en)
Fixation arrangement for a cooking hob, comprising: - at least one fixation element (1), having: - a first section (2) for fastening the fixation element (1) to a component of the cooking hob or to a worktop (7); - a second section (3) for supporting the fixation element (1) upon a surface (8) of the worktop (7); - a third section (4) having at least one first fixation component (6) being able to cooperate with at least one corresponding second fixation component (16) which is arranged on an accessory (11) provided for being used in association with the cooking hob, wherein the first fixation component (6) and the second fixation component (16) allow a detachably fixed positioning of the accessory (11) upon a cooking hob plate (9) of the cooking hob and/or relative to the cooking hob; - at least one cooking hob plate (9) bearing on an upper surface (3A) of the second section (3) of the fixation element (1); - at least one accessory (11) having a second fixation component (16) and being fixed, in particular detachably, in a position upon the cooking hob plate (9) and/or relative to the cooking hob by means of the first fixation component (6) of the third section (4) of the fixation element (1) cooperating with the second fixation component (16) of the accessory (11);
