Abstract (en)

[origin: WO2011089224A1] The unit (100) for mixing two components filled into containers for producing a ready-to-use filler comprises a manual drive (50) for manually driven plungers to force the components out of the containers and to feed the components into a motor-driven mixing device (1), wherein the manual drive (50), the containers and the mixing device (1) are arranged on a horizontal base plate (10).
