Abstract (en)

[origin: WO2011147482A1] An offshore foundation, in particular an offshore foundation for a wind turbine, is provided which is installed on the seabed (3). The offshore foundation comprises an offshore foundation structure (1) and at least one ground anchor (6) with at least one foldable element (8) which can be folded do have a minimum surface area and unfolded so as to be able to act like a barb.
