Abstract (en)

Coloring collagen fiber containing substrates treated with at least one carbamoyl sulfonate group containing compound, comprises coloring the treated collagen fiber containing substrate with at least one anionic dye. An independent claim is also included for the collagen fiber containing substrates, preferably leather or fur skins, which are tanned with at least one carbamoyl sulfonate group containing compound and colored with at least one anionic dye.

Abstract (de)

Verfahren zum Färben von mit wenigstens einer Carbamoylsulfonatgruppen-haltigen Verbindung behandelten collagenfaserhaltigen Substraten, das dadurch gekennzeichnet ist, dass eine anschließende Färbung des so behandelten collagenfaserhaltigen Substrats mit wenigstens einem anionischen Farbstoff erfolgt.
