Abstract (en)
[origin: EP2564731A1] The desk (1) has side walls that are attached to a post portion (4) and a bottom portion. A price identification device (7) is provided above the side walls. The price identification device is attached directly at an inside surface of a desk portion. The identification device is provided with a rail portion (8) which is arranged at a carrier profile portion (12). The identification device is supported at the post portion in a rotatable manner.
