Abstract (en)

[origin: EP2568089A1] The toilet connection device has a center point of a connection device-sided sewage-pipe-connection device (12) and a center point of a connection device-sided rinse water inlet-connection device (16). A reference line is defined and a center of a connection device-sided shower pipe-connection devices (19, 20) is spaced from the reference line between 15 and 137.5 millimeters relative to the horizontal. An electric and a shower water-connection device are provided for a line of the shower facility in the two connection device-sided shower pipe-connection devices.
