Abstract (en)

[origin: EP2570538A1] The guide (1) has thread guidance nuts (40) arranged at a top part of a thread guidance arm (30). Thread guidance eyelets (60, 61, 70, 71) supply threads to the thread guidance nuts. The thread guidance eyelets are arranged on both sides of a central axis (M) of the guide perpendicular and transverse to a thread guidance arm-longitudinal direction. The thread guidance eyelets are arranged on or in thread guidance members (50) that are arranged at the thread guidance arm and provided with lateral arms (51, 52). The thread guidance eyelets are arranged on the lateral arms.
