Abstract (en)

[origin: EP2573446A1] The interior of welded pressurized tank (1) is coated or enameled with electrostatic powder directly to basic material without adhesion promoter using spray lance introduced into pressurized tank. The exterior of welded pressurized tank is coated or enameled with electrostatic powder with or without previous application of adhesion promoter. Independent claims are included for the following: (1) plant for production of pressurized tank; and (2) pressurized tank.
