Abstract (en)
[origin: EP2581522A2] The assembly has screeds (1) between which protective strips (2) are arranged. The longitudinal sides (6) of the screeds are arranged adjacent to a bar portion (8) and utilization side (4) of the screeds are located adjacent to head portion (9) of the protective strips. The head portion is arranged lifted to utilization side of the screeds. The protective strip is made of resilient material, UV-resistant material and ozonosphere stable material.
