Abstract (en)

[origin: WO2011161155A1] The invention relates to a device (10, 40, 80) for disbursing value notes (52), comprising a dispensing unit (16) for dispensing a value note stack (54) and a feed transport assembly (26), which individually feeds the value notes (52) to be disbursed to a collecting unit (28) for collecting and stacking the value notes (52). The collecting unit (28) comprises a stacking unit (46) and a stationary support element (50), wherein the stacking unit (46) stacks the value notes (52) on the support element (50) to form a value note stack (54). The collecting unit (28) further comprises a pivotable stationary pressing element (62), which during the stacking of the value notes (52) is arranged in a pivoted-out position and for dispensing the value note stack (54) in a pivoted-in position.
