Abstract (en)
[origin: WO2012031890A2] The invention relates to interior paneling (100) for a refrigeration appliance door, especially for a refrigerator door or a freezer door, at least the carcass (110) of said interior paneling (100) being designed as a monolithic injection-molded piece. The invention further relates to a refrigeration appliance, in particular a refrigerator or a freezer, comprising a refrigeration appliance door that includes such interior paneling (100).
