Abstract (en)
A removable notepaper dispenser comprises a box body (1), consisting of a set of hollow cases (10,11); notches (12) and grooves (13) with small notches (14) are formed separately onto three adjacent sides around the opening of the cases, such that openings (101,111) and two holding spaces with small notches (14) are formed into the assembled box body; an elastic body (2), which is placed into the box body (1); removable notepaper assemblies (3) of three dimensions, of which, the biggest removable notepaper assembly is placed into the box body correspondingly to the opening, such that a notepaper is partially exposed out of the opening; the other two are set separately into the lateral holding spaces and a notepaper is partially exposed out of the small notch (12).
