Abstract (en)

[origin: EP2620372A1] A packing method for producing a package (1) by folding at least one blank (23) around a group (2) of articles; between two parts (20", 8) to be joined of the package (1), both a non-dry, re-stick first glue (79) and a permanent drying second glue (78), different from the first glue (79), are applied; and the two parts (20", 8) are then brought into contact, to glue the two parts (20", 8) together by means of the first glue (79) and the second glue (78).
