Abstract (en)

[origin: WO2012041612A1] The invention relates to a gutter strip which can be rolled up and comprises a securing strip (1) for securing the gutter strip to a gutter lath (6) and a sealing strip (2) comprising a sealing element (5) for sealing the opening (10) between the underside of the roofing panels (9) and the gutter lath (6). The securing strip (1) and sealing strip (2) are connected by means of a hinge connection (3, 4) in the form of a plug-in connection, tongues (4) of the one strip (2, 1) being inserted into slots (3) in the other strip (1, 2).
