Abstract (en)
[origin: EP2633955A2] The torque tool (10) has a shaft-like housing (12) having a handle (16) at one end (14), where measuring elements are provided for detecting the torque in the housing. A connecting element (24) is provided at the other end (22) of the housing. A digital display (28) displays the torque. The display is formed as electronic organic light-emitting diode display.
