Abstract (en)

[origin: EP2634357A1] The positioning aid (1) has spacer (1.1) and a cantilever section (1.2) which is applied to an outer edge of the window frame. A supporting section (1.3) is provided to support the insect protection device and an attachment portion (1.4) is provided for attachment of the support section to the window frame. The positioning aid is made of metal, plastic and rubber. An independent claim is included for insect protection device.
