Abstract (en)
[origin: WO2012067506A1] The invention relates to a pressing system (10) and refuse truck (4) and a method therefor. The pressing system (10) for compressing material in a collector (6) comprises : - a frame provided with coupling means mountable on the collector; - a pressing device (16,18) connected to the frame and comprising one or more hydraulic cylinders (54,56); - a drive system (32) operatively connected to the pressing (16,18) device, the drive system (32) comprising: - an energy supply (34) comprising an energy source; - an electric motor (48) operatively connected to the energy supply (34) and a motor control means (50) for controlling the electric motor (48); and - at least one hydraulic pump (44) drivable by the electric motor (48) for controlling the one or more cylinders (54,56) of the pressing device (16,18).
