Abstract (en)
A lamp (1, 1a, 1b) includes a lamp base (10, 10a, 10b) and a combined lamp shroud (20, 20a, 20b). The combined lamp shroud (20, 20a, 20b) includes a hollow cylinder (21) and a plurality of decorative plates (22, 22a, 22a', 22b, 22b'). The hollow cylinder (21) is fixed to the lamp base (10, 10a, 10b) and includes a wall portion (211) and an accommodating space (210) enclosed by the wall portion (211). Each decorative plate (22, 22a, 22a', 22b, 22b') is formed as a rib shape and combined with the wall portion (211) to surround the accommodating space (210). The decorative plates (22, 22a, 22a', 22b, 22b') can be freely combined to form various lamp shrouds.
