Abstract (en)  
[origin: WO2012068602A1] The invention relates to a furniture fitting (1) for attaching a front panel (2) to a drawer frame (3), comprising a fastening device (4) for the front panel (2) that is associated with the drawer frame (3) and a connecting element (5) that can be mounted on the front panel (2), which connecting element comprises mounting elements (6), in particular dowels, for fastening to the front panel (2), wherein the connecting element (5) can be fastened to the fastening device (4) in a detachable and in particular position-adjustable manner, and comprises a first part (5a) and a second part (5b) arranged at a distance from the first part (5a) in the mounting position, wherein the first part (5a) of the connecting element (5) can be connected to the front panel (2) by means of at least two mounting elements (6) and the second part (5b) of the connecting element (5) can be connected to the front panel (2) by means of at least two further mounting elements (6).
