Abstract (en)

[origin: EP2647905A2] The transparent cover (100) has a base surface with a surface structure that is formed from structural elements (110,120-122). The structural elements of the base surface are arranged in vertical to the base surface. The base surface is provided with edge legs (150,150'). The angles of pressure in the structural elements are varied with respect to the base surface.
