Abstract (en)  
[origin: WO2012080013A1] The photo book (1) with a cover (2), according to the invention comprises an electronic memory element and a connection element connected thereto. The cover (2) has body elements (3, 12, 13) enclosed by a flexible sheath (11), wherein one body element (3) has a through-passage (4) opening out along one of its peripheries. The electronic memory element and the connection element form a structural unit, wherein the structural unit is inserted in the through-passage (4) such that the connection element opens out at the periphery (3b) of the cover (2).
