Abstract (en)

The fluorescent light has a LED module on which two LEDs (1) are arranged with series or parallel connection in two-dimensional array. The LEDs are connected with a resistor (2) and a switch (3) such that the change of the lights of the LEDs is possible. A constant current source is provided for supplying current to the LEDs. A control unit is provided to control the switch. The white LEDs and multi-color LEDs are used.

Abstract (de)

Flächenleuchte, mit mindestens einem LED-Modul, auf dem mindestens zwei LEDs (1) in einer 1- oder 2-dimensionalen Serien- und/oder Parallelschaltung angeordnet sind, wobei zumindest einem Teil der auf dem LED-Modul angeordneten LEDs (1) Mittel (2, 3) zugeordnet sind, die eine Veränderung der durch die LEDs (1) fließenden Ströme ermöglichen.
