Abstract (en)

The invention relates to the use of a wicketed bag (2) having stacking openings (1) for packaging a product (16). The film bag (2) is formed from a multilayer film and comprises a front wall (3), a rear wall (4) projecting beyond the front wall (3) on an open bag edge, where the stacking openings (1) are disposed in the section of the rear wall (4) projecting beyond the front wall (3). The film bag (2) is used subject to the condition that the product (16) is provided with an inner packaging or at least one spacer element (17), that the product (16) is inserted with the inner packaging or at least one spacer element (17) into the film bag (2), wherein the film bag (2) is dimensioned so that it rests tightly on the inner packaging or the at least one spacer element (17) respectively.
