Abstract (en)

[origin: EP2662305A1] Packaging in the form of a wallet (100), generally shown in Figure 1 , having first and second covers (20,21) joined along a common hinged edge (60). The first cover (20) has one or more fastening elements and the second cover (21) is arranged to receive the fastening element(s). There is also a securing means to attach to the element(s) so that if the element(s) are removed the securing element removes part of the second cover (21).
