Abstract (en)  
[origin: WO2012127156A1] The object of the present invention is to provide yeasts suitable for bread-making using a large quantity of yeast, as well as compositions capable of providing a bread-making product containing said yeasts. The present invention also relates to a method for preparing a bread-making product and to a method for selecting yeast strains that provide yeasts suitable for bread-making using a large quantity of yeast.
