Abstract (en)

[origin: WO2012140488A1] The present invention relates to an anticorrosion composition for the "metals" consisting of or comprising at least one saponification product of at least one plant oil, or mixture of plant oils, the plant oil or oils comprising "C14-C22" carbon atom chains, a process for manufacturing, in a single reactor ("one-pot" process) a saponified plant oil composition, products and compositions resulting from this process and the uses thereof.
