Abstract (en)
[origin: WO2012163648A1] The invention relates to a pediatric hospital bed (100) having a side guard (10). The side guard (10) according to the invention is designed from a sturdy but flexible textile and can be extended out of the head (34) or foot part (32). The pediatric hospital bed (100) additionally has a height adjustable recumbent surface (20).
