Abstract (en)

[origin: EP2703736A1] The holding device (16) has a first support rod (18) and a second support rod (19), which are arranged vertically. A first receiving element is formed for coupling a receiving device (17) on a first plane at the first support rod. A second receiving element is formed for coupling the receiving device on the first plane at a second support rod. The first receiving element is formed in C-shape or as two horizontal pins.
