Abstract (en)  
[origin: WO2012149586A1] Arrangement having a drawer (3) and having a drawer pull-out guide (4), wherein the drawer pull-out guide (4) has a body rail (5) which can be attached to a furniture body (2), a drawer rail (6) which can be attached to the drawer (3) and is mounted such that it can move relative to the body rail (5), and a locking apparatus (7) which is arranged on the drawer rail (6) and by means of which the drawer (3) can be releasably locked relative to the drawer rail (6), wherein the locking apparatus (7) has at least one latching part (8) which is mounted such that it can be moved between an arrest position, which locks the drawer (3), and a release position, which releases the drawer (3), by means of a handle element (9), wherein a carrier rail (12) is premounted on the drawer (3), said carrier rail having, in cross section, a portion which is profiled in a U-shape and has two vertically running limbs (19a, 19b), wherein this portion of the carrier rail (12) surrounds the drawer rail (6) from above in the assembled state, wherein the latching part (8) of the locking apparatus (7) can be releasably latched to a limb (19a, 19b) of the carrier rail (12).
