Abstract (en)

[origin: WO2012156097A1] The invention relates to a method for producing a) a security seal (12) on an original article (28, 32) or b) a pad (11) for such a security seal (12), wherein, in a first step, a substrate (4) is arranged in a region (2, 30) on the original article (28, 32) in case a) or on a base (3) in case b) and, in a second step, shredded banknote snippets (10) are arranged on the substrate (4) or are introduced into the substrate (4). The present invention also relates to a pad (11) and an original article (28, 32) on which a security seal (12) is arranged.
