Abstract (en)
[origin: EP2711191A1] A corona pre-treatment of film composite or film (1) is performed. The film is primed with a primer. A corona pre-treatment of the primed film composite or film is performed. The corona pre-treated, primed film composite or film is printed using a digital printing process. A protective lacquer is applied to the printed, corona pre-treated, primed film composite or film. Independent claims are included for the following: (1) device for digital printing of film composite or film; and (2) film composite or film.
