Abstract (en)

[origin: EP2722291A1] The stack element (1) has clamping device (9) that is provided with clamping pin for clamping opposite sides (12) of solar modules (25-30) in stacking direction. An edge protection unit (4) is provided for abutting edges of solar modules to stack element for protecting the edges of solar modules. An independent claim is included for a method for stacking of solar modules.
