Abstract (en)
Dismountable swimming pool (1) formed by a flexible, impermeable recipient (2) installed inside a rigid structure (3), comprising a cover (4), which is the same height as the rigid structure (3) of the swimming pool, along the entire perimeter thereof, formed by rigid sheets, installed vertically along the outer perimeter of the rigid structure (3) of the swimming pool, both the rigid structure and the cover being held by the lower and upper edges thereof, by means of guides on the perimeter (5), which facilitate the mounting of the cover (4) and act as retainers for the cover (4).
